

Introduction to Research Data Management - Why? When? How?

Date: Thursday 21.11.2019

Time: 9:30-11:30

Leibniz Centre for Tropical Marine Research (ZMT) GmbH
Fahrenheitstraße 6, 28359 Bremen, Germany

Instructor: Dr. Birte Pfeiffer (ZMT)

Course description: This two-hour introductory course is aimed at doctoral students to develop their knowledge and skills in the field of research data management. The topics presented and discussed in this course are organised along the research cycle: from proposal planning and writing through project start up, data life cycle (including data collection, data analysis and data sharing), to the end of a research project, data archiving and data discovery.

Target group: The course is for all Doctoral Candidates at ZMT. Guest researchers and interested Postdocs or Master Students are also invited to participate.

Credit: Attending at least 90% of the sessions is required. It is not possible to attend only a part of the course. You can receive a certificate of attendance for the course

Preparation: Please bring your laptop/smartphone.
