

MARIE HARBOTT

95 - OASIS

M.Sc.
Marine Geosciences

Profile

As Marine Scientist, it is of the utmost importance to me to understand the complexity of climate change and the role the ocean is playing in it.

By initiating the NGO project 4sea I not only found my passion for science communication but also showed that I am highly motivated, able to work in international teams and willing to look for new ways to explain difficult subjects to a non-scientific audience.

Interests

playing guitar and ukulele, drawing, hula hoop, yoga, squash, Lindy Hop, travelling (New Zealand, Asia, South America, India)

EDUCATION

PhD Student, Biogeochemistry

04/2019 - 04/2021 Leibniz Centre for Marine Tropical Research

Working Group: Coral Climatology

Supervisor: Dr. Henry Wu (under Prof. Dr. Hildegard Westphal)

Subject: This PhD is part of the OASIS project (Witness to the Climate Emergency: Ocean Acidification crisis and global warming observations from tropical corals.), paleoclimatological reconstructions from tropical coral cores

Master of Science, Marine Geosciences

10/2015 - 03/2018 University of Bremen

Overall grade: 1,67

Thesis: "The carbon isotope signature of modern and preindustrial water masses in the western subpolar North Atlantic" (Grade: 1.45) -

Bachelor of Science, Geosciences

10/2011 - 03/2014 University of Potsdam

Overall Grade: 2.5

Thesis: "Ostracodes as Proxies for Paleoclimatology and Paleoecology in Lake Baringo, Kenya" (Grade: 1.8),

Supervised by Jun. Prof. Dr. Annett Junginger.

EXPERIENCE

Environmental Project Manager (volunteer)

09/2016 - present CliMates, France

Founder and Coach of the 4Sea Project of CliMates, creation of social media platforms for science communication (Facebook:@4seaclimate), preparation and presentation of a workshop about the status quo of the ocean.

Research Assistant

02/2016 - 08/2017 MARUM, Germany

Centre of marine environmental sciences

chemical analysis in the laboratories of University of Bremen and MARUM, preparation of sediment samples for smear slides, microfossil sampling.

Student Assistant

05/2012 - 09/2013 Helmholtz Centre, Germany

Assistant in the Public Relations Office, Helmholtz Centre Geesthacht, Teltow, Institut of Polymeric sciences, preparation of scientific conferences, maintenance of presentation archives.

Various Jobs

05/2010 - present, France, Germany, Peru, New Zealand

Administrativ assistant in a Highschool in Paris, Translator at exhibitions (french, english, german), Waitress, Farmwork.

SKILLS

German

English

French

Spanish

Microsoft Office, Ocean Data View,
Inkscape, Social Media

R, Python, Adobe InDesign

ArcGIS, Matlab, IHS Kingdom
